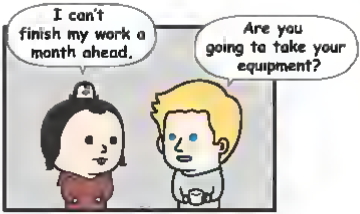
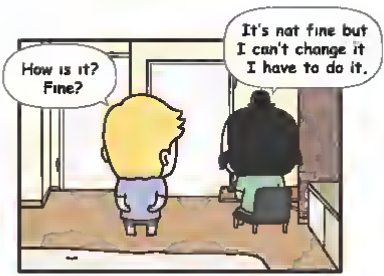
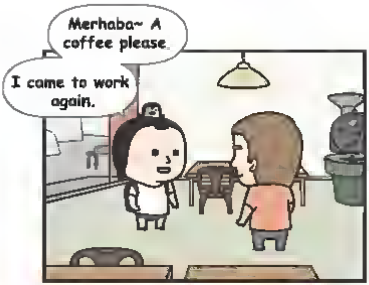
Mev's Day Out

Mev has a long summer holiday
as his job is a teacher.



But I had to do my work while we were in Turkey.

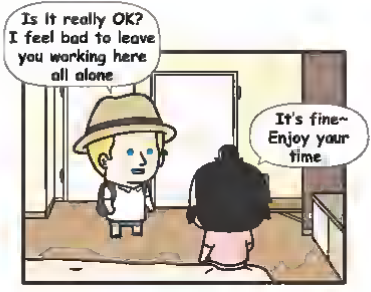




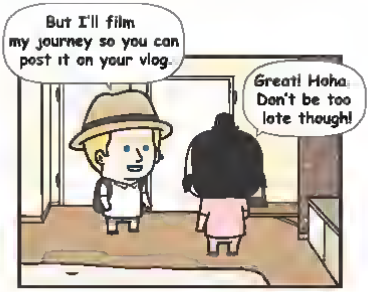
So I sometimes stayed at the flat or went to a cafe near by to do some work.

While I did my work, Mev went for a walk or visited some places that I wasn't very interested in.

Then one day



I stayed at the flat to work, and Mev went out for the day to Kabatas.



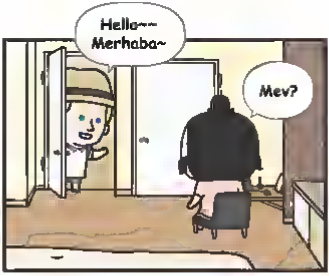
But I'll film my journey so you can post it on your vlog.
Great! Haha. Don't be too late though!

Mev set off.

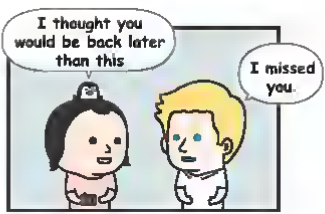
Alright!
Let's do this.

2-3 hours later...

Is Mev having fun?



Mev came back.



I watched the videos
that he had filmed.

From the moment that he caught the first bus

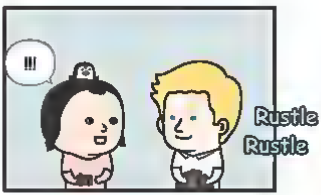
The Rumeli castle that he visited.

To his lunch. He made good record so I could see what he did.

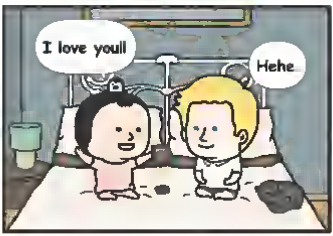
And there was one more video left.

I'm going to buy Penguin's gift.
A snack!

She loves snack.
Which one shall I buy?



I was happy because
he came back early.



I love you!!
Hehe

Brow....
Me t...

I was even happier because
he came back with a gift.
